OLD VALUES. NEW IDEAS.

Tackle the  
biggest cleaning jobs  
with Alkota's Gas Fired  
Series of pressure washers.  
These durable units operate  
on natural or liquid propane  
gas for economical and  
dependable performance.

## OUR MOST POPULAR

These stationary gas fired units are popular for their performance and durability.

- Engineered to keep components out of the dirt to give you longer equipment life
- Chambers and frames are built from heavy gauge steel to provide rugged durability
- Stainless steel water tanks prevent rust-out on float area
- Designed with oil-bath water pumps that have ceramic plungers, metered chemical, cold water wrap removable coils and safety protection from excess pressure
- Control panels contain electrical controls for ease of operation
- Perfect for machine and repair shops, farms, hog producers and implement dealers

# Depend

## **Alkota Cleaning Systems**

*For over forty years Alkota Cleaning Systems has been making the best cleaning equipment in the world. Our products are engineered and manufactured to give you the best in durability, efficiency and reliability. And with our extensive product line, you can be assured that Alkota has the right product for your specific cleaning need.*

## BIG GUYS

These Big Guys are ready to attack the toughest cleaning chores and will then stand ready for more!

- 5 GPM to 10 GPM with pressures from 1,000 PSI to 3,000 PSI
- Available with steam option, making grease removal easy
- Available in natural or LP gas (oil fired model available upon request)
- Easily accessible components for service and maintenance
- Steel pipe, cold water wrap coils and heavy steel reservoirs for power and dependability
- Excellent for larger users such as truck washes, factories, food processing, heavy construction and hog producers

# ability. Performance. Commitment.

## PORTABLES

With several of the same design characteristics as our famed "Cleaning Crew," these LP gas fired units give you the portability you need.

- Ball bearing pneumatic wheels for portability
- Modern pumps where the crankcase is filled with oil and the plungers are ceramic for long life
- Precise chemical metering, stainless steel float tank, heavy steel construction and rotary electrical switches for quality, dependability and operator convenience
- Ideal for restaurants, fast food chains, hospitals and pharmaceuticals
